Abdominal Supporters of five or six different kinds, such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingall's, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C. Warren of Boston, was given 15 years since, but will last forever.

BOSTON, January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of skillful workmen in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster, to supply the deficiency occasioned by the death of Mr. Beath. After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D. Boston.

CERTIFICATE.—The following certificate is from Professor Stuart, of Andover Theological Seminary:

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr. Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations I that eminent surgeon, Dr. J. C. Warren, is a sufficient guaranty for all who favor Mr. F., that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. M. STUART.

Great American Remedy,
FOR COLDS, COUGHS ASTHMA, CROUP AND CONSUMPTION.

WHY, Invalids do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious, or crack name? Half of them are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicines, or of the human system, of the author of the above medicine. For dry, hard coughs, and for children, with suffering stuffed colds, or with croup, it is invaluable! and I challenge a trial of effects with any Indian, Egyptian, Arabian, English, French, German or any other foreign or domestic preparation, which is now offered to the public for sale, in all diseases for which it is recommended. It was invented by Doct Manly Hardy, the author for many years, with great success. More than twenty-five years and have tried it, and all commend it, then who could further?

The Unsurpassed and Unsurpassable
Bay State Stove,
OF SIX SIZES, of heavy and smooth castings—price from $15 to $50—celebrated for its whole cooking apparatus, carrying off the smoke in broiling and not to be exceeded in baking, frying, boiling, &c., &c., or in durability and economy—may be had as heretofore, at the well known and long-established

Stove, Furnace and Range
DEPOT,
Nos. 80 & 82 MAIN STREET, and 2 and 4 WALL STREET, OF
N. JOHNSON,

Who is SOLE Agent, and always has been, for this market, for the sale of the celebrated Stove above named, of which 25,000 were sold the past year, and of which some 30,000 will not be more than sufficient to supply the demand the present year.

The **BAY STATE** is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE, and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, nor to wait in Bangor for them, AS I HAVE THEM ON HAND!

A CHALLENGE OF $50
Is proposed, that 50 Stoves of six sizes, of any other pattern than the BAY STATE, (for which I am sole Agent,) cannot be produced which will compare with the 50 I now have on hand in thickness and smoothness of Castings, or in facility and capacity of broiling, baking, boiling, or other cooking requisite.

☞ The public are specially requested not to mistake a Stove called the "IMPROVED BAY STATE," which is a cheaper and inferior article, of thinner and less durable castings, and which is sometimes advertised without the word 'Improved' as a prefix, for the original and genuine BAY STATE, which has been so generally and thoroughly tested and admired.

All other kinds of STOVES constantly on hand, as above, which will be sold at reduced prices.

PATENTS.
American and Foreign Office
AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON.
No. 22 State Street, . . Boston,

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier*, he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen year's practice, an extensive collection of rare works decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

Late Commissioner of Patents.

Their WHITE ZINC PAINT—equal weight—covers, according to surface, from 40 to 100 per cent more surface than any other Paint; retains its whiteness, brilliancy and protective qualities for years; is free from the poisons so dangerous in other pigments, to painters and tenants of newly painted rooms, and resists the sulphurous coal gases and foul air of ships, and as outside or inside paint, does not tarnish or become yellow. Ground in varnish it forms a beautiful porcelain finish. The French government has adopted Zinc Paint for all its uses.

The BROWN AND BLACK ZINC PAINTS form directly a solid metallic coating on wood, brick, iron, &c., admirable for fire proof qualities. They are unrivalled for rail cars, depots, engines, &c. For roofing uses they resist the corroding of salt water and weather, so fatal to other paints.

The Zinc and Fire Proof Paints are sold at wholesale and retail at the manufacturer's prices by GEO. W. EMERSON, Druggist,

Dalley's Magical Pain Extractor.
It has been used by thousands with the most signal effect.

It has never in a single instance been known to fail.

It has been tried successfully in cases that baffled the skill of the most learned in the profession.

The profession know it—men of eminence and candor admit it—the truely learned, honest, and philanthropic use, recommend, and speak well of it—the ignorant and narrow-minded repudiate it—and the selfish and dishonest, while they condemn the article under its proper name, reap or sell from its properties by clandestine application.

IMPORTANT TO
FARMERS AND TO OWNERS OF HORSES AND CATTLE.

VAST ADVANTAGE AND A REAL BLESSING.
Dalley's Animal Galvanic
IS claimed by its inventor, to possess properties which—to the Farmer and Owner—and those having charge of Horses and Cattle, are of the utmost importance. This opinion is not a mere *ipse dixit of the Proprietor,* but based upon various and *faithful trials* and applications.

The great properties of Dalley's Animal Galvanic, are few but positive!

Its prominent feature, and which no other article excepting Dalley's world renowned Pain Extractor possesses, is—TO CONQUER INFLAMATION!

Beware of Counterfeits. The Genuine can be obtained only of our advertised Agents. For sale by

Whig Senators, Probably Elected.

The returns of Senators received since our last, make it pretty certain that the Whig Senators in this county are elected. This is better than we expected on receiving our first returns. We shall esteem the victory so grand and glorious that we wish to be perfectly sure before we make the declaration of their election.

In 36 towns heard from the Whig Senators lead 651 votes. If the remaining towns come in as they voted in 1850, the Whig Senators will be elected by 374 majority. But as they have generally gained in the towns, it seems fair to suppose they will continue to do so to the end.

Hancock.—John West, whig, is elected Senator beyond a doubt.

Somerset Co.—There is no doubt of the election of the Whig Senators in this county, by 500 or 600.

Representatives.—Whigs.—Bloomfield, &c., Jonathan Hobbs.

Skowhegan &c.—H. C. Warren.
Norridgewock &c.—W. H. Ellis.
New Portland &c.—Robert Crosby, gain.
Cornville &c.—Josiah Tilton.
Palmyra &c.—S. P. Waterhouse, Loco.

In seven towns in Somerset the vote for member of Congress, is Washburn, 900; Strickland, 408; Waterhouse, 298. His majority in the towns 155, and his plurality 563.

Piscataquis County.

We have intelligence from this county stating that the Whig candidate for Senator has been elected by about two hundred majority.

The Whig and Free Soil county ticket has been elected with the exception of the Register of Deeds, the present incumbent Mr. Averill, is probably re-elected.

The whigs and freesoilers have elected all the representatives in that county, except one, in the Sangerville district, and he has but ten plurality.

Representatives.—Castine, &c., Luther Phillips, whig. Penobscot, &c., Wm. Hutchings, dem. Hampden, D. K. Ayer, whig. Charleston &c., Solomon Dunning, whig gain. Camden, E. M. Wood, W. gain. Rockland, Hiram Berry, w. gain. Thomaston,—Robinson, w. gain. Plymouth, &c., J. W. Yates, dem. Frankfort, Amos Sproul, dem.

Piscataquis Co.—Stephen Lowell, whig, elected Senator.

Representatives.—Foxcroft, &c., Timothy H. Chamberlain, whig.

Abbot, &c., Solomon Cushman, whig.

Cumberland County.—Senators, probably two Whigs and two Democrats.

Representatives.—Five Whigs, four of them gains; two Democrats.

York.—Senators three democrats.

Representatives.—One Whig, six Democrats, one gain.

☞ We change our report to-day of the election of Representative from Corinth &c. H—sey, dem. is not elected. Chas. Beale, Whig, has that honor.

Boston, 14th.

The Loco Senators probably elected. The Whigs so far gain two Representatives at the Legislature as I learn. The County officers are equally divided. Fuller is elected to Congress.

The split among the Loco Focos of Massachusetts is no trifling matter. The pure, bl[illegible] Hunkers have separated from their less reputable brethren who have hitherto lived in loving relations with the Free Soilers. Very justly they regard the principles of the latter as utterly at war with the Baltimore platform of their party and with the candidate they nominated upon it. Accordingly they eschew the[illegible]. They refuse to touch the unclean thing. They come out from among them, shaking off the dust of their feet. Coalition they are sick of. And no wonder. Hitherto they have paid a large proportion of its expenses, receiving but a small proportion of its profits. Besides, there is now no hope of any profit at all. The Whigs have nominated Winfield Scott. Opposition to that candidate is utterly hopeless, especially in Massachusetts. No coalition, no bargain, no intrigue, though concocted in the lowest abyss of corruption to which even the Loco Focos of Massachusetts can descend, has any chance against him. The battle is a desperate one. This shows why the Hunker proslavery Democracy is so anxious to fight it on its own ground and not on that of the Free Soilers. The feeling is to their credit. Who would not wish to choose the spot whereon to die? Moreover, such a separation was inevitable. Happening now, it will diminish nothing of the great vote which Scott will have in the State.—*New York Tribune.*

EMBARRASSING FIX. The exclamation of Dick Swiveller when he discovered that the "Marchioness" had disposed of his clothes during his illness, and that he was left without even an umbrella in case of fire, is familiar to our readers. Not less awkward was the predicament in which Mr. Jones was placed, the morning after his marriage, when on his way to Niagara, with his blooming bride. That gentleman was exceedingly cautious, and ever evinced the greatest dread both of fire and robbers. Having stopped for the night at one of the principal hotels in Washington, he charged his wife before retiring, to "leave nothing about," and carefully deposited his own inexpressibles, the pockets of which contained his valuables, (including the door-key, which he had prudently withdrawn,) in his new trunk with a patent lock. As he intended to take the early train at 6 o'clock, he awoke betimes, but to his dismay, discovered that he had neglected to remove the keys from his pockets and that they were within the trunk, which closed with a spring. This was sufficiently provoking, but to add to his perplexity, Mrs. J., in her anxiety to "obey" literally the injunctions of her husband, had placed [illegible] in her trunk, and given [illegible] the keys for safe-keeping, which he had secured [illegible]. It was not until after repeated [illegible] when the cars were far on their way [illegible] could summon [illegible] of his tardiness. The [illegible] extra key, relieved him from his [illegible] but the attendance of a locksmith [illegible] sary to procure the pair [illegible]. The recollection of th[illegible] day's involuntary detention never fails to [illegible] from Jones a hearty anathema against all new-[illegible] notions in the way of trunk-locks, which he classes with man-traps and other devils of the enemy.—*Journal of Commerce.*

Steamer South Carolina is offered for sale at Liverpool, her draft of water being too great for the Port she was intended for.

News by the Niagara of slight interest.

ENGLAND.

We have nothing from England but a few items of general news. Politics are quiet. The Premier has gone to the Doncaster races, and the Queen to her seat at Balmoral.

SCOTLAND.

The fishery dispute is regarded as virtually settled. Numerous authorities are being cited in the papers to prove that the Lobos Islands belong to Peru. Two more ships have arrived from Port Phillip, Australia, with 50,000 oz. of gold, and another is on the way with 55,000.

Ship Tropic at London, reports that on the 17th July, at 7-20 A M when 70 miles west from Jamaica, she experienced a severe shock of an earthquake, lasting nearly two minutes. The wind was light at the time and the water smooth.

The people of Manchester gave a dinner on Tuesday to Chas. Dickens and his fellow amateurs on the occasion of their performing in that city, in aid of the guild of literature. Last evening Dickens & Co. gave a performance at Liverpool for the same charity.

It is reported that Col. Law, at present commanding the troops in Newfoundland, will be appointed to the vacant Governorship of that Colony.

Mrs. Harriet Beecher Stowe's "Uncle Tom's Cabin," is having an unprecedented run in England. The London Times reviews it in a three column article, not at all favorably.

Harvest is progressing satisfactorily throughout the Kingdom.

In Ireland the potato rot has subsided, if indeed it ever existed to any extent. Reaping of wheat, barley and oats, goes on in all the earlier districts without intermission and with favorable weather.

FRANCE.

Gen. Bianglni is dead.

The Minister of Commerce has informed the ship owners of Havre that the Government will not protect them in loading Guano at the Lobos Islands. Paris papers assert that the French troops are not to be withdrawn from Rome or Civita Vecchia. The latest Parisian gossip is, that Louis Napoleon is careless of securing the hand of the Princess Wasa, having transferred his admiration to a daughter of Prince Czartoriski.

Intelligence just received at Paris, states that the French settlements in India have taken the oath of fidelity to the President.

The King of Siam has sent his felicitations to Louis Napoleon.

Marshal Haynau dined on Sunday last in Paris, at a party where a number of distinguished officers were present, and in an after dinner speech he declared on his honor, as a soldier, that he never ordered a lady to be flogged! and that when he heard that an officer 30 leagues off had caused the Countess Blank to be flogged he, Haynau, expressed his disapprobation, and put the officer under arrest. As to his other alledged severities, he admitted them and contended that they were necessary.

The Moniteur has the following:

On the 15th Aug. the French Admiral, Romain Desfosses, celebrated the fete of Napoleon at the Piraeus, Greece. Seven Russian, Greek, Piedmontese and American ships of war took part in it. At half past ten a military mass was celebrated. At the moment of the elevation of the postal, the French and foreign vessels fired a salute of 21 guns.

ITALY.

Roman Catholic Bishops O'Connor and Vanderbelt, had arrived at Rome, the latter as bearer of the decrees of the first Roman Catholic National Convention in America, held at Baltimore a few months since.

A letter from Rome dated Aug. 24th, says that the special envoy, (name not mentioned,) sent by the English Government to convey their friendly feelings towards the Pope had been very coldly received.

The mail between Civita Vecchia and Rome was stopped and robbed last week by 8 Brigands. A conspiracy has been discovered in Sicily in communication with Ruggiero Settimo, Chief of the ex-Government, now a Refugee at Malta. The centre of operations was at Castrogiovanni and the conspirators had succeeded in tampering with some of the troops.

PRUSSIA &c.

On the 30th August Prussia presented a declaration Zollverein question, to which Hanover, Brunswick, Oldenburg and the Thuringian States, have given their adhesion. The declaration insists that the remodelling of the Zollverein must be conditional with the negotiation of a commercial treaty with Austria. Prussia is willing as soon as the Zollverein shall have been reconstructed, to open negotiations with Austria from which, however, a Customs Union is to be expressly excluded. A reconstruction of the Zollverein for a term under twelve years will be rejected. The Customs Congress is prorogued to the 15th inst., when a final declaration by the Coalition States is expected.

The Cholera is abating a little in Siberia.

Great activity prevails in the Austrian Navy Yard at Venice. Two new propeller frigates are also ordered from England.

LIVERPOOL COTTON MARKET.

From Hollingshead, Tetley & Co's. Circular.

Liverpool, Sept. 4.

Comparatively moderate doings in past week, and sales divided among spinners, exporters and speculators, show less than an average quantity taken by each. The market has been inactive and the quantity offering in American descriptions being in excess, notwithstanding a light import and small quantity now on the way, prices have been only maintained, with some degree of steadiness for the current qualities or those not in request, say at 5½d or 5¾ to 6d. Sales of the week 50,870 bales.

Ashes in good request. Rice considerable improvement in Carolina, 18 50. Nothing doing in metals.

Liverpool Corn Market. Little business done last week, and prices are again lower except for finest qualities of Wheat and Flour. Prices Baltimore and Pa. White wheat 5s 4d to 6s 8d. Extra choice Genessee perfectly clean, 6s 10d. Ohio flour, none; Baltimore and Philadelphia, 20s 6d to 21s; Western and Canada, 20s to 20s 6d; Sours, 18s to 19 0d; Inferior, 16s to 17s 6d. Indian corn—Yellow, 29s to 29s 6d. Mixed, none.

Demand for Beef limited—holders having become anxious, prices have given way, fully 5s per tierce. Market tending downwards. Pork,—Transactions at retail, 2s to 3s lower per bbl. Bacon slow at former prices. Lard—sales 30 tons unaltered. New Cheese wanted. First arrivals of fine will meet a free sale.

Manchester trade reports continued satisfactory. Large orders offering for goods and yarn at full price. Business limited, from inability of producers to complete in time. Stocks about exhausted.

Eastern accounts are not cheering, but have less influence than under other circumstances would manifest itself.

English funds have varied but little. Consols closed Friday evening, 100 to 100⅛. Highest cash price during the week, 101; lowest 99¾. Bullion in Bank, about 21½ millions.

A loan of 50 millions francs for the Bank of Constantinople, guaranteed by Turkey, is progressing favorably in the English market.

Quebec and Richmond Railway is received favorably.

Paris Bourse, 4½ closed 105, 40; 3s 76, 70.

American Stocks—a steady inquiry at quotations, slightly in advance of last circular. Baring & Brothers say that the supply of U. S. and State Stocks is moderate and held generally at limits above the market prices. In Railroad bonds, little doing beyond some transactions in Erie first and second mortgage at 105½.

Freights to the United States have been better supplied the past week. Sufficient dead weight has offered and rates are firm. Steerage passengers are not abundant.

FROM EUROPE.

NEW YORK Sept. 13.

The Humboldt arrived about 11 o'clock, with four days later news. She has made a fine run.

Cotton closed firm, at rates current per Europa. Sales Monday and Tuesday 13,000 bales. Flour unchanged. Corn dull. Much of the new Wheat is said to be injured by rust.

The weather throughout the whole kingdom was exceedingly fine, and the prospects for the harvest continued encouraging.

The Humboldt left Cowes at 9 P. M. Sept. 1st. She brings 140 passengers, $40,000 in specie, and 400 tons valuable freight in French goods.

Sept. 4th, 7 P. M., lat. 49 18, spoke ship Camillus, of New York, bound west.

The Niagara, from Boston, arrived out on the 25th ult.

Money continues easy, and stocks and Shares have an upward tendency.

The political news is of no importance.

ENGLAND.

It was generally understood that the fishery difficulty had been arranged satisfactorily to both governments.

Three weeks later news had been received from Australia. The rains had set in, and the yield of gold is reported increasing.

A loan for two million pounds for the Bank at Constantinople had been brought into the London Stock Exchange, and was likely to find takers.

FRANCE.

Appearances still point towards the establishment of the empire, which, it is believed, will be proclaimed at no distant day. The President was to leave Paris on the 15th of September, to be absent one month.

There were intimations of a commercial treaty between France and Germany.

The most noticeable item of news is an announcement made by General Magnan to the General Council, to the effect that the President had, in some relation to establish a strong military reserve, which, the announcement says, without compromising the respect and dignity of France, would enable him to effect the economy which he desires to introduce in the public taxation.

From [illegible] the Coast.

NEW YORK, Sept. 13.

The Acapulco correspondent of the New York Times says the English Consul has been insulted outrageously by the authorities so many times that he has concluded to resign, unless immediate redress is obtained.—Business is extremely dull. [illegible] persons pass up and down with but few [illegible], and everything is at a stand still.

Advices from [illegible] report that the revolutionary party under Munos, assisted by a large number of French and Americans, have taken possession of Leon. Every exertion was being made by the authorities to check the progress of the insurrectionists. The French Government is supposed to be at the bottom of the movement.

Just previous to the sailing of the steamer, a gentleman was robbed of $1500.

The steamer Panama, for Panama, carried down about a million and a half of gold dust, and 317 passengers, among them Lieut. Maynard and Captain McLean.

CHINA.

Dates from China to June 24, had been received at San Francisco. The United States steam frigate Susquehanna was at Whampoa, the Saratoga at Amoy, and the Plymouth was on the east coast. The Court Martial ordered by Commodore Aulick for the investigation of the Robert Bowne difficulty, after a three days inquiry recommended the discharge of eighty, and detention of eight or ten men, against whom the proof seemed clear. They would probably be handed over to the Chinese authorities at Canton.

Heavy rains had done immense damage to the rice crop, and thousands of lives had been lost by drowning.

SANDWICH ISLANDS.

Dates from the Sandwich Islands to the 17th July had been received. The whaling business of the Islands was exceedingly low.

An act had been passed by the Legislature, making a reduction in the tonnage dues. Vessels touching at either of the ports in the kingdom for repairs, supplies, refreshments, advice, shipment or discharge of crews, shall be exempt from tonnage dues.

A disease, called at Honolulu the Maui fever, is going the rounds among a large part of the foreign population, both at Lahaina and Honolulu. It is not, however, dangerous.

PANAMA.

Accounts from Panama announce that Gen. Herrera was to resume the office of Governor on September 1st.

The first importation of ice direct from Boston via Cape Horn, had been received at Panama and was selling at 15 a 20 cents per pound.

The U. S. sloop of war Portsmouth left Tobago Island on the 24th for San Francisco, for supplies, and would return in three months.

Col. H. H. Miller, U. S. Charge to Bolivia, sailed on the 24th ult. for Callao.

A vessel had been put up at Panama for Australia, and was fast filling with Passengers.

☞ General Scott's statesmanship is of the right sort—it is the statesmanship of Peace, and not of War! as witness the following letter:

WAR OFFICE, Aug. 23, 1842.

To the editor of the Madisonian:

Sir—I perceive in the Madisonian of this morning, that I am charged with being opposed to the treaty between the United States and Great Britain, to which the Senate is understood to have given its advice and consent a few days ago.

Of the terms of that treaty I am entirely ignorant, except through contradictory rumors; I have neither the influence nor the desire to interfere with the action of the Senate upon it—always contenting myself with saying that I preferred an honorable peace even to a successful war.

Hoping that you will take pleasure in correcting the injustice you have done me, I remain, sir, your obedient servant,

WINFIELD SCOTT.

Extract from a speech of Gen. Scott, delivered at the City Hall, New York, May 25th, 1848, on occasion of his return from Mexico:

"Though I am a soldier, and therefore supposed to be fond of fighting, I abhor war, except when prosecuted in defence of our country, or for the preservation of its honor, or of some great important—nay, cardinal interest. I hold war to be a great moral evil. It must be for good and substantial reasons—for no forced or false pretext, however plausibly set forth—that war can be warrantably waged; or that can justify any man in shedding the blood of his fellow beings. The interests of New York and of our whole country are identified with peace, and with every duty of christian morality."

Further proof that Gen. Scott's statesmanship is of the right sort. An extract from another speech delivered by Gen. Scott on the same day at the City Hall:

"You have been pleased, sir, to allude to our adopted citizens. I can say that the Irish, the Germans, the Swiss, the French, the Britons, and other adopted citizens, fought in the same ranks, under the same colors, side by side with native born Americans—exhibiting like courage and efficiency, and uniting at every victory in the same enthusiastic shouts in honor of our flag and country. From Vera Cruz to the capital of Mexico, there was one generous rivalry in heroic daring and brilliant achievement. Let those who witnessed that career of valor and patriotism, say, if they can, what race, according to numbers, contributed most to the general success and glory of the campaign. On the many hard-fought battle fields there was no room for invidious distinction—all proved themselves the faithful sons of our beloved country, and no spectator could fail to dismiss any lingering prejudice he might have entertained as to the comparative merits of Americans by birth and Americans by adoption. As the honored representative of all, I return among you to bear testimony in favor of my fellow-soldiers in the field—the army of Mexico—and I congratulate you and them, that the common object of their efforts, and your hopes, the restoration of peace, is in all probability now attained."

With a man at the head of the Government, knowing no distinction of section or birth, favorable to the development of the resources of the country, by a proper system of improvements and reasonable protection to our industry and particularly agriculture, and maintaining our peace both externally and internally, how can the country fail to prosper?

Spirits of Life,

Or Universal Cramp and Pain Killer.

This valuable medicine is the same that saved the life of Mrs. Mary Bragdon, of Carmel, some three years since, who was attacked with Cramp in the neck. All persons must be aware of the immediate danger arising from such attacks.

THIS MEDICINE was the first and only remedy that gave relief to Miss Cochran, of East Corinth, (daughter of Chauncey Cochran, Esq.) whose life was despaired of from the effect of an attack of Rheumatic Fever, June 27th, 1850. This was all accomplished by the use of Dr. T. G. Brown's Spirits of Life, or Universal Cramp and Pain Killer.

All persons who have made use of the Spirits of Life acknowledge it to be superior to any preparation bearing the name of Cramp and Pain Killer. The genuine Universal Cramp and Pain Killer is prepared and sold at wholesale and retail by the sole proprietor,

COOKING STOVE!

THE best Cook Stove ever introduced to this or any other people!

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by those experienced and expert Stove manufacturers Messrs. Estes & Whittier, who know and have appreciated the wants of this enlightened people. It is now offered to the public, with the fullest confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c. are not surpassed, and its extensive and beautiful Oven for Baking and Roasting will at once recommend itself to the Ladies. One very important feature is, it has very stout and smooth castings, and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and one not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

Lesage's Specific,

NEVER *failing remedy for thoroughly eradicating Diseases of the Urinary Organs*, such as Gonorrhea, Gleets, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints, to beware of those spreading every-things, which unprincipled individuals without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases and the thousands that have sent their unsolicited certificates vouch for its efficacy, while the better it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, no inducement can ever make try again—Lesage's Specific has been the remedy depended on by every class, the senator, the lawyer, the mechanic, the seaman and the dashing cyprian have all tried it and found it truly the good Samaritan in the hour of trouble.

Dr. Darby annexes extracts from some of his certificates:

U. S. Frigate Cumberland, 1851. I contracted a disease at Naples, and tried all the remedies suggested by the most experienced Surgeons without success. Lesage's Specific has restored to me the health I long despaired of.—J. W. W.

Louisville, Ky.—I have much pleasure in stating that Lesage's Specific has cured me of a gleet of 22 months duration.—H. C. D.

Bangor, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend it, should I know of any troubled as I was.—J. [illegible]

Bigelow's Alterative.

A CERTAIN cure for DYSENTERY, DIARRHŒA, CHOLERA MORBUS, and all Summer Complaints. GEORGE W. BEECHER Proprietor, 98 Broadway, New York.

For children who are Teething, and Cholera Infantum, this medicine stands unrivaled! It may be used with perfect safety both by old and young, and when faithfully administered it has never been known in any case to fail of a speedy cure. Unlike other medicines, it corrects the bowels, and often in a few hours the patient is restored to his accustomed vigor and health.

We append the following testimonials:

I have used "Bigelow's Alterative" in my family, and have never found it to fail, when all other remedies administered by and under direction of Physicians have proved ineffectual. I think it a perfect corrective for Dysentery and all Bowel complaints.

GEO. W. BEEBEE, 47 Wall st.
New York, March 22d, 1852.

We can add our testimony to that of others of the great efficacy in our own case, when prostrated to an alarming degree by Bowel disease. It was the only medicine that gave relief, and we always kept it in the family.

Editor of the N Y Baptist Register.
Utica, April 15th, 1852

"Bigelow's Alterative," advertised in another column of our paper, is probably the best cure for Dysentery, Diarrhœa, &c., &c., that has ever yet appeared. We seldom take a word of extolling patent medicines, and for the very good reason that most of them are entirely [illegible] of abuse; but we have it on such [illegible] respectable authority, that the "Alterative" is all, and more than all, it professes to be, that we cannot do less than make mention of it in this way to our readers. All that we ask of the most incredulous in such matters, is to peruse the *Certificates* embodied in the advertisement, and then judging from the high standing of the parties (who are thus ready, promptly and gratuitously to certify,) candidly to say, whether a remedy so endorsed, is worthy of attention or otherwise. We have more faith in this remarkable preparation

Greenleaf's Primary Arithmetic.

MENTAL ARITHMETIC, upon the Inductive Plan; designed for Primary and Intermediate Schools. By BENJAMIN GREENLEAF, A. M., author of the "National Arithmetic," etc.—Revised and enlarged edition, 144 pp.

To render this work more complete for the class of pupils for whom it is intended, the author has, at the urgent solicitation of Teachers, considerably enlarged and improved it, and has appended a comprehensive system of *Written Arithmetic* (or exercises for the Slate) which the publishers trust will make it still more useful and acceptable to the public. THE ROAD TO HEALTH! HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus Chemist, 7, Prescot Street, Liverpool dated 6th June, 1851.

To Professor Holloway,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless—A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2d, 1851.

To Professor Holloway,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed)
